Diamorphine Supplies BACK TO NORMAL

We are pleased to confirm Wockhardt's entire diamorphine product range (5mg, 10mg, 30mg, 100mg, 500mg) is back in a full stock position - all supply restrictions have been lifted and order quantities are back to normal. Wockhardt remain fully committed to ensuring ongoing continuity of supply of diamorphine both now and in the future.

Our new packaging is designed with patient safety in mind and has been commended by the NPSA

StoreTrader EPOS adds new features

Pacific Retail Systems is proud of the success of its StoreTrader Electronic Point of Sale (EPOS) solution used in pharmacies.

Pacific Retail has developed some new features to its EPOS offering.

These include the soon-to-be-released web-based version of StoreTrader;

and support of mobile phone offer 'coupons' and other promotions.

Pacific Retail can offer pharmacists a consulting service to discuss their needs, and a customized version of the StoreTrader equipment.

'We are delighted by the enthusiasm many retailers of all shape and sizes display towards our continually evolving StoreTrader system,' said Mike Newman, managing director of Pacific Retail Systems. 'The latest enhancements result from customer feedback and requirements.'

For information on StoreTrader visit www.pacificretailsystems.com or call 01733 396 710.
